100 YEARS!

**Fighting Irish Football recently had the opportunity to play a regular season game at Lumen Field, home of the Seattle Seahawks!**

## MESSAGE FROM THE PRINCIPAL

Dear O'Dea Community,

Thank you for taking the time to read our latest edition of the O'Dea Irish Review. As you become familiar with our current school programming, I am confident that you will appreciate the many ways we honor O'Dea's proud legacy as we celebrate our 100th year of Catholic education in the Blessed Edmund Rice tradition. I also believe that you will appreciate how we, as a school community, continue to embrace new and exciting mission-centered programming to serve better the young men entrusted to our care.

With a return to a full complement of in-person classes, activities, and events this year, our current students, staff, and families can once again fully participate in the O'Dea Experience, a remarkable and life-changing opportunity. Our students' academic experience is enriched by their participation in monthly mass, House activities and competitions, service projects, like our Centennial project at Genesee Park, co-curricular activities, and Character Strong our new Social Emotional Learning curriculum. This important curriculum, which all students and staff are participating in, provides the opportunity for each of us to support the development of thoughtful, healthy, and kind young men. It has been a wonderful opportunity for me to be in the classroom connecting with our students and reminds me of how proud I am of all we accomplish as a Catholic community.

I appreciate daily the transformative power an O'Dea education provides and the partnership required for us to be successful. At our all-day school board retreat in October, we discussed the distinctives of an O'Dea education, including how to reach our near and long-term strategic goals. I feel energized by our discussions and am grateful to our board members for their time and expertise. I want to personally thank Charlie Herche 2005, and Mike Mondello, alumni parent, for their nine years of leadership to this community as they each completed their board terms. These remarkable men are a testament to the importance of an O'Dea education and our community's continued support as together we celebrate our centennial and commit to advancing O'Dea's founding mission into the next century. Our Lady of Perpetual Help, Pray for Us, Blessed Edmund Rice, Pray for Us, and Live, Jesus, In our Hearts, Forever!

# CELEBRATING 100 YEARS OF CATHOLIC EDUCATION

O'Dea is proud to celebrate 100 Years of Catholic Education throughout the 2022-2023 school year! Our students are actively engaged in activities referencing and honoring the legacy of the last 100 years. O'Dea kicked off our Centennial donning the outside of the building with new banners, including a 100 year banner. Our students have participated in House Activities incorporating the 100 year, including a school-wide photo in Centennial shirts, and creating 3-D 100 displays honoring the past, present, and future of O'Dea! We look forward to continuing to celebrate our 100th year with our community!

*Stay tuned to the Spring Edition of the Irish Review for a detailed timeline and more history of our last 100 Years!*

## CENTENNIAL SERVICE PROJECT: GENESEE PARK RESTORATION

Incorporating community service into their lives is an important value for our students to learn during their years at O'Dea High School. This year, we are excited to bring all our community together as we embark on a service project in which students, parents, alumni and others can all participate. Through our partnership with the City of Seattle and Seattle Parks & Recreation, this year-long project to restore the Genesee Park natural area will help us give back to the city of Seattle where we have educated students for 100 years. Genesee Park was chosen for this project as it is not only widely used by so many in our city, but by O'Dea students participating in athletics and other student life events. It is fitting that we give back to a park that provides our students a place to play, compete, and grow!

I met my eventual wife-to-be at a football game in 1988. To still be talking about how great O'Dea was 33 years later is a privilege & honor! Not many have that largely positive high school experience to look back on. I don't know where I would be today without the experience. The Brotherhood for Life is real & special that way!"

**-Dan Golden '89**

"As the sixth of ten children, I spent a lot of time trying to establish a sense of identity growing up. Everything that I liked to do or was good at had already been achieved to a

"I came to O'Dea as the last of 5 Golden brothers to attend. My brother Tony was 2 years ahead & hadn't exactly paved the way for a shining welcome by the faculty. It was a bit of a climb out of his shadow. I believe those 4 years were foundation building & provided me the physical & mental strength & fortitude to join the US Marine Corps. I still see quite a few from our class each year and

higher level by one of my older siblings. At O'Dea, with the urgings of some of my classmates, I turned out for the wrestling team and was instantly hooked by a sport and by a coach that highlighted everything I held important as an athlete. Someone believed in me enough to push me to achieve something worthwhile, not because they knew me yet, but because they believed in the mission that this school can help someone become more, can teach them how to devote themselves to a mission, and how to care deeply. At the end of the day that's what its all about."

**-Joseph Balinbin 2007, Faculty Member & Head Wrestling Coach**

"O'Dea changed the way I viewed life. It was an opportunity of a lifetime that I'll never forget. Brotherhood was a huge part of not only the school but the classmates who became brothers. To this day, I've kept in contact with my brothers, and it's crazy to see how far we've all come. Life is a ridiculous rollercoaster but it always helped having my brothers there backing me up."

**A GRASS FIELD FOR  
= O'DEA STUDENTS IN  
FALL 2023!**

As O'Dea continues to plan for the future, we are excited to share that the restoration of our new field, the first property we have owned in our 100-year history, has reached our initial milestone. The pictures above paint a picture of the sheer volume of work that was completed over a 2-month period this fall. How did this overgrown parcel of land full of dirt, rock, and trees become a graded and seeded space almost ready for our students to use? The answer lies in the goodness of people who appreciate O'Dea High School and understand the importance of giving back to the community.

To James Bosa '98, O'Dea was his second home. Commuting from Mukilteo, he would arrive at school around 6:30am and not leave until school and sports ended at 6:00pm. He often spent more time with his teachers and coaches than his own family. This is how O'Dea became family then. His continued connections are why it is still family now. According to James, O'Dea taught him "about brotherhood, working together, and respect". He also learned that when times were difficult it was important to have someone to lift you up or be that person who supported someone else in need.

When James first learned about the opportunity O'Dea had to own their own athletic field, he knew he had to

**Monte Kohler and James Bosa '98**

"Ever since James started at O'Dea in the fall of 1994, he has done nothing but make O'Dea a better place. In his quiet unassuming way, he has always given back to O'Dea. He truly represents what an O'Dea Gentlemen stands for and is always a man of Character, Faith, and Service."

**-Monte Kohler, Athletic Director**

step in and help. He offered his support, and that of his family company to make the field a reality because "that is what you do for family". His mom, Kelly, said it this way; "James gave back because it was his way to say thank you to his teachers and former coaches for the education and experience that shaped him in such a positive way. Working with the KLB family to complete this incredible amount of work, James was able to show his gratitude to O'Dea while enhancing the O'Dea experience for the next generation of students."

We are incredibly grateful to James and KLB Construction for their spirit of giving back. The field is an historic initiative for which we are in the process of raising funds and we hope their support will inspire others to give. As Principal Jim Walker says, "Simply stated, James Bosa represents the best qualities of an O'Dea graduate. Demonstrated through his professionalism, hard work, and dedication, James has proven himself to be a leader and a true visionary in the heavy construction industry while remaining humble and genuine in all he does. I am grateful and inspired by his continued commitment to O'Dea. Thank you, James, for all you do!"

# O'DEA FACULTY SPOTLIGHT

O'Dea High School is unique for many reasons. One of those reasons is the excellent and compassionate faculty and staff who show up every day for our students as they become young men of character, faith, and service. Read below to learn about a few members of our staff.

**Kai Bond** came to O'Dea three years ago to complete an internship as part of her masters degree in counseling at Seattle University. When the need for a dedicated freshman class counselor arose, Kai was hired and seamlessly transitioned into the role. Kai spends a significant amount of one-

on-one time with our freshmen helping them transition to high school. She is often seen at O'Dea sporting events, cheering on our student-athletes, and is also an Assistant Moderator to the Asian Pacific Islander Club. As a graduate of Catholic schools herself, she feels right at home, noting the people are wonderful to work with and she feels a part of the Brotherhood!

“O'Dea is very lucky to have Kai as part of our team. The deeply caring person that she is, along with her professional experiences, make her an impressive resource for our students, not only when they are freshmen, but when they move on through the 10th through 12th grades. She establishes meaningful relationships with her students that make them come back and share their successes with her.”

**Lawrence Kight**, Counselor

**Will Cronin** has worked at O'Dea for 5 years, teaching AP and junior level English, as well as Photography/Yearbook. He is an assistant coach on the freshman football team and now even drives the bus! Will is a Mentor Group Teacher, a part of the Technology and Educational Design Team,

and the English Department Chair. In Will's ideal world, his job allows him to teach and coach, making O'Dea the perfect fit. Growing up in a Catholic family and believing strongly in Catholic education, Will appreciates O'Dea's mission and the constant growth of the school.

“Mr. Cronin has been one of my favorite teachers at O'Dea. Ever since I was a freshman, he has never failed to show how much he cared about my success in and out of the classroom. He keeps everyone engaged in class and makes the class interesting and fun for everyone. He also goes to many different athletic events to support us and ensure we are growing outside of the class as well.”

**Kyle Lofy '24**

**Alonzo ("Zo") Jackson '09** returned to his alma mater a few years ago as a part of the Facilities Team. He is also an assistant Football Coach, the Head Freshman Basketball Coach, and an Assistant Moderator for Black Students United for Excellence. Zo's primary reason for returning to work at O'Dea was to give

back to the school that had a profound impact on his life. He believes O'Dea taught him how to be an adult, be prepared, and understand the world better. Zo loves to be around the students every day and work with a group of supportive colleagues.

“Coach Zo, as he is lovingly referred to, fulfills a number of roles in the O'Dea community with a unique ease. His ability to build relationships with the young men during the school day, on the football field, and on the basketball court, is something I consistently marvel at. Alonzo is quick to share wisdom, provoke a laugh, or offer a reminder in the halls to the students. I have great appreciation for his boundless energy during his long days at O'Dea and commitment to giving back to his community! Alonzo embodies what the O'Dea brotherhood is all about.”

**Ryland Brown**, Faculty & Assistant Varsity Basketball Coach

**Tami Unruh** began working at O'Dea in 1993. While she took a brief hiatus to raise her children, she continually returned to proctor AP exams and substitute teach. In 2016, she returned as a full-time faculty member teaching Algebra 2 and Introduction to Engineering. Tami moderates the National

Honor Society, assists the Makers Club, and is a Mentor Group Teacher. Wanting to grow the STEM program at O'Dea, Tami pioneered the Introduction to Engineering Class so students could have hands-on building experience. Tami connects her students to alumni within the engineering industry through O'Dea's Alumni Speaker Program. She loves the diversity in the O'Dea community, working with the students, and the fact that O'Dea feels like home and her extended family.

“Mrs. Unruh is one of the kindest and most understanding teachers I have ever had. She always has a positive attitude and is optimistic in and out of the classroom. One of her many great characteristics is that her goal, in whatever we do, is to have a very inclusive group of students participating. Everyone really appreciates her hard work every single day to live out the mission of O'Dea.”

## SCHOOL CAPTAIN CORNER

by Jaisen (JJ) Abner, Class of 2023

Hello O'Dea Community! My name is Jaisen Abner, but most people call me JJ. I'm a proud member of the Class of 2023 and the School Captain of O'Dea. I wanted to share an inside look at O'Dea today, for our alumni and community members.

I've wanted to be School Captain ever since my Freshman year. School Captain is very similar to a more commonly known ASB President. I set this goal for myself on the first day of my freshman year and I am so proud I was able to achieve it. As School Captain, I help with assemblies, dances, social activities, mentor group, and more! I love being School Captain because I feel that I can be the person to make the brotherhood connections stronger throughout the school.

Technology is now fully integrated as part of our learning experience. Each student uses a Microsoft Surface for all classes. We no longer use physical textbooks—at all! Our Surfaces also make learning in the classroom easier, allowing us to have the internet at our fingertips while teachers can also send assignments to us easily, utilize screens in the classroom, and collaborate with classmates on assignments.

If you haven't been around O'Dea in the past 8 years, you may be unfamiliar with a new program, the House System. The House System splits the entire student body into four houses – Kilkenny, Limerick, Dublin, and Waterford. Being in different houses allows students of all grades to bond with one another and connect with people you may not normally interact with. The school spirit is stronger than ever as students have not only spirit for O'Dea, but for their house as well.

**“What I appreciate most about O'Dea is how much everybody cares about one another. O'Dea is truly a place of brotherhood and compassion.”**

Being at O'Dea for the past 3 years, I feel that I have grown into a different person than I was when I first walked in. I have become more mature, taking leadership roles very seriously and making sure every voice is heard. I have become more passionate and empathetic towards others, and I have learned how to manage my time better, making sure I know what needs to get done and when. As School Captain, I hope to accomplish some sort of change that will impact the students that come in long after I am gone and provide change that will influence the next generation of O'Dea students for the next 100 years!

**-JJ Abner '23**

*JJ will be attending Seattle U next year with hopes to study in the broadcasting department and play on the baseball team.*

## HOUSE INSTITUTE

In June, O'Dea hosted 80 attendees from more than 13 states and 20 schools from across the country for the annual *House System Institute*. The Institute is a national symposium of schools that have House Systems or are thinking about bringing House Systems to their schools. The conference provides a unique opportunity for schools to come together to learn about and discuss how to develop and enhance House Systems.

During the two-day conference, attendees took part in sessions led by O'Dea faculty, staff, and outside experts on topics such as social and emotional development, student leadership, change management, inclusive competition, and increasing school connectedness. Young alumni **Jason Fridge '21** closed the conference with a powerful presentation about how his time at O'Dea empowered him to become a leader and is helping support his success in college.

O'Dea's House System continues to serve as a model for other schools looking to implement systems of belonging and connectedness in their schools. Bishop Kearney High School in Rochester, New York was so inspired by O'Dea's House System that they named one of their four houses "O'Dea"! Thank you to our House Leadership Team and Student Leaders for their dedication to enhancing our House System.

## ESPORTS SUCCESS

O'Dea's esports is climbing in the ranks as a newly established WIAA sport. Esports, short for electronic sports, is a form of competition using video games. O'Dea's esports club began in 2018 as a club and has expanded to a year-round competitive sport, providing students the opportunity to bond over shared interest in a competitive environment. Last year's esports club found great success competing in four different video games and three different leagues participating in over 60 matches throughout the year. **Congratulations to O'Dea esports for winning the Spring Play VS Pacific Region Super Smash Bros Ultimate Championship!**

## SUMMER LEADERSHIP RETREAT

In August, our student leaders came to campus for a day-long planning session, utilizing team bonding activities to help plan the upcoming school year. Following this session, they and the House Deans headed to Lake Easton State Park for an overnight retreat. The objective of the retreat was to give the student leaders a chance to connect with one another in nature, build camaraderie, and plan for the school year from the House perspective. We loved to see our students preparing and cooking meals for the whole group, performing skits, and enjoying their time together! **Thank you to our Student Leaders for your time and dedication to strengthening the O'Dea Brotherhood!**

# ADVANCEMENT

## ANNOUNCING O'DEA'S 1ST CLASS ENDOWMENT!

*Congratulations to the Class of 2005 for becoming O'Dea High School's first fully funded class endowment! Each year, a student will receive financial aid in honor of the Class of 2005 to ensure that they can attend O'Dea.*

Supporting young men who have been accepted to O'Dea and require financial assistance to attend is a significant component of our mission. This ensures eligible students have access to a Catholic education and that our student body has strong socio-economic diversity; strengths of O'Dea that have been woven throughout the fabric of our history and will continue to be important elements of our future. This year students are receiving over \$2 million in need based financial aid.

Endowments for financial aid provide tuition assistance for students and families in perpetuity. You can set up an endowment in your own name, and it is also a wonderful way to honor someone

special, such as a parent, teacher, coach, or classmate. Graduation and class reunions are also a great time to talk with your classmates about building your O'Dea legacy through a class endowment. **For information on how to set up an endowment, please contact Allie Thomas at [athomas@odea.org](mailto:athomas@odea.org).**

## THE O'DEA FUND: 5 WAYS FOR O'DEA

The O'Dea Fund is the cornerstone of O'Dea's fundraising program, helping to fund the educational experience that develops our students into men of character, faith, and service. From recruiting and training the best faculty and staff, to enhancing and expanding the classroom experience, to supporting every extracurricular and athletic activity, to taking care of families who need financial aid to attend O'Dea, you make this all possible with your generous gifts. And now, you can give in 5 Ways for O'Dea:

Academics & Counseling

Faith & Service

Student Life & Athletics

Technology & Facilities

Financial Aid

Your unrestricted gift towards any of these 5 WAYS FOR O'DEA is life-changing for these young men. Thank you!

## GIVE GOLD DAY: NOVEMBER 29, 2022!

Give Gold Day marked O'Dea's 6th Annual Day of Giving! Give Gold is celebrated on Giving Tuesday, a global day of generosity for your favorite organizations. You can still make your donation by scanning the QR code on the right. **THANK YOU for your support of Give GOLD!**

## WALL OF HONOR 2022

# BROTHERHOOD FOR LIFE

Dear Alumni Community,

Thank you for your continued support of O'Dea High School! We are excited to be celebrating our Centennial this year and bringing back some of our popular events like the Alumni Open Gym in December and Italian Dinner in February. These events bring together graduates from a variety of decades, who enjoy each other's company and fellowship. In addition to these events, we want to thank over 180 alumni who are engaged in the Alumni Speaker Program. These alumni help make events like Career Day and the Alumni-Senior Brotherhood Luncheon successful, and also provide support for our faculty and students by presenting in the classroom. I am also grateful to our Alumni Board and Class Representatives for helping further O'Dea's mission. We look forward to more great things to come. Brotherhood for Life!

Dear O'Dea Community,

We are pleased to share with you our Annual Report, which covers financial information for the fiscal year July 1, 2021 to June 30, 2022. This report gives us the opportunity to reflect on our past year, and also recognize you, our community. You are integral to our ability to provide a Catholic education to our diverse student population, and we thank you.

Our \$12 million operating income for the year came predominately from tuition and fees, and philanthropic support. Philanthropic support is an essential aspect to any Catholic school and O'Dea is no exception. Fundraising supports the difference between tuition and the actual cost of educating each student, which includes faculty and staff compensation, educational and co-curricular activities, and technology. This past year, it also supported more than \$1.8 million in need based financial aid to ensure that qualified students can attend O'Dea despite of their socio-economic situation. Financial aid is our second largest expense after compensation. Providing it to those in need continues to be central to our mission and who we are as a Catholic school.

Philanthropic support also helps us ensure we are building for the future of O'Dea High School. Providing a field to meet the needs of our athletic program and O'Dea students has been a project we have been working on for more than four years. As you can see from the article on pages 8-9, we are closer than ever to making this a reality and look forward to your support for this project.

We are grateful to be financially sound as we celebrate O'Dea's centennial and prepare for our next 100 years. Thank you for your continued support and unwavering faith in the value and importance of a Catholic education at O'Dea High School.

Sincerely,

*Laura Weinand*
